NICOMIX[®] A

Oral

Liquid solution of concentrated Vitamin A

Unlock Health, Optimize Performance with Power of Liquid Vitamin A

Excellent water solubility

Stable form of Vitamin A in Palmitate form

Highly concentrated form of Vitamin A

Made at world class manufacturing facility

Benefits

Helps to,

- Correct reproductive disorders
- Regulate the activity of osteoblast and osteoclast
- Maintain the integrity of epithelial cells
- Improve immune health
- Supports and speed up egg production and hatchability percentage

Suggestive Usage

Chick: 2 ml / 100 birds

Grower/ Broiler: 3-5 ml / 100 birds

Layer: 10-15 ml / 100 birds

Breeder: 15-20 ml / 100 birds

Or as recommended by Animal Nutritionist or Veterinary Consultant

Nutritional value

Vitamin A 1,00,000 IU/ ml

Available in 1 liter x 10 Bottle in a Case

NICOMIX

AD₃EC ORAL

Liquid

For Stress-free Performance, Immune Health and Productivity

Vitamin A

- Healthy growth
- Reproduction
- Maintenance of epithelial cells
- Anti infective

Vitamin D3

- Absorption and utilization of Ca & P
- Normal growth
- Bone development
- Eggshell formation

Vitamin E

- Eggshell formation
- Normal neurological functions.
- Prevents Encephalomalacia (crazy chick disease)
- Tackles Exudative diathesis
- Prevents Muscular dystrophy
- Supports reproduction

Vitamin C

- Anti antioxidant
- Faster recovery
- Improves immune function
- Alleviate metabolic signs of stress

Benefits

The NICOMIX AD3EC Helps,

- To prevent or treat deficiencies of vitamin A, vitamin D3, vitamin E and vitamin C
- To Increase productivity
- To relieve stress
- To stimulate appetite
- To lower mortality
- To improve immune response
- To act as Ideal supportive therapy for infertility
- To increase availability of vitamin E

Suggestive Usage

Broiler: 3-5 ml / 100 birds daily

Layer: 10-15 ml / 100 birds daily

Chicks: 20 ml / 100 birds / daily

Or as recommended by Animal Nutritionist or Veterinary Consultant

Nutritional value per ml

Vitamin A	:	50,000 IU
Vitamin D3	:	5000 IU
Vitamin E	:	30 IU
Vitamin C	:	100 mg

Available in 1 L x 10 Bottle in a Case

New

NICORICH[®]

Vit E & Selenium Liquid

Water Miscible Formulation

**A potent way to combat stress,
improve immune health & overall performance**

Vitamin E

- Acts as an antioxidant & protects cells from destruction
- Supports immune health
- Helps in proper development reproductive organs
- Participates in the blood production process

Selenium

- Essential trace element which protects cells from lipid peroxidation
- Acts against nutritional muscular dystrophy disease
- Increases hatchability

Benefits

The unique combination of Vitamin E and Selenium in liquid form that help,

- To fight stress like climatic, production, transportation, post vaccination, deworming, etc.
- Combat muscular dystrophy, crazy chick disease, exudative diathesis & cage fatigue
- Improve fertility and hatchability
- Boost immune health & post vaccination titre against diseases e.g. ND & IBD

Suggestive Usage

Broiler: 10-15 ml / 100 birds -daily
Cattle buffalo: 15-20 ml twice daily
Breeder : 20-30 ml / 100 birds daily

Or as recommended by Animal Nutritionist or Veterinary Consultant

Nutritional value per ml

Vitamin E	100 mg
Selenium	1 mg

Available in 1 Liter x 10 Bottle in a Case

Layer: 15-20 ml/ 100 birds - daily
Small animals: 10-15 ml twice daily

New

NICORICH[®]

Vitamin E, Selenium & Biotin Liquid

Water Miscible Formulation

**Faster recovery from stress,
improves immune health and fertility**

Vitamin E

- Acts as an antioxidant & protects cells from destruction
- Supports immune health
- Helps in proper development reproductive organs
- Participates in the blood production process

Selenium

- Essential trace element which protects cells from lipid per-oxidation.
- Acts against nutritional muscular dystrophy disease
- Increase hatchability

Biotin

- Required for optimal growth, for prevention of leg abnormalities, and fatty liver and kidney

Benefits

Helps,

- To fight climatic & production stress
- Post de-beaking & moulting
- To boost the immune health
- To Improve vaccination titre against ND & IBD
- To Reduce the stress during deworming & vaccination
- Proper chicks growth & skin health

Nutritional value per

Vitamin E	100 mg
Selenium	0.2 mg
Biotin	200 mcg

Suggestive Usage

Broiler: 10-15 ml / 100 birds -daily

Layer: 15-20 ml/ 100 birds - daily

Chicks: 5 ml/ 100 birds - daily

Cattle buffalo: 15-20 ml twice daily

Small animals: 10-15 ml twice daily

Breeder: 20-30 ml / 100 birds daily

Or as recommended by Animal Nutritionist or Veterinary Consultant

Available in 1 Liter x 10 Bottle in a Case

NICOMIX

B-12 DS

Concentrated form of Vitamin B₁₂ for feed

Achieve peak performance of birds with concentrated Vitamin B₁₂ formulation

Stable
in premixes
containing
minerals

Suitable
also with
pelleted
feed

Double strength
formulation for
Protein -
Sparing Effect

Acts as a coenzyme
in several
metabolic and
enzymatic reactions

Benefits

Helps to,

- Optimize feed intake, weight gain, feed efficiency
- Maximize egg production & improves hatchability
- Maintain normal feather development.
- Reduce chances of B₁₂ deficiency
- Proper utilization of fat, carbohydrates and protein

Suggestive Usage

Broilers: 110 g/MT of feed

Layer: 50-75 g/MT of feed

Breeder: 75 g/MT of feed

As recommended by Animal Nutritionist or Veterinary consultant

Composition 1 kg

Vitamin B₁₂

200 mg/kg

Available in 2 Kg X 9 Bags (18kg in a Box)

NICOMIX

D-mix 60

Vitamin D₃ (Cholecalciferol) Feed Grade Powder

Made with Sprayed Dried Technology to ensure optimum potency of the vitamin

Protected with Gelatin Matrix process

Standardised & homogenised for use in various types of animal feeds

Quality in each gram of product

Benefits

- Improves growth and laying performance
- Maintains homeostasis of Ca:P
- Increases hatchability and day old chick weight
- Helps in development and maintenance of body, beak & Feather
- Improves egg shell quality
- Improves vitamin D₃ content in Egg

Composition per gram

- Vitamin D₃ 60,000 IU

Suggestive Usage

- 20-50 gram per 1 MT of poultry feed or as suggested by Animal Nutritionist or Veterinary consultant

Or as recommended by Animal Nutritionist or Veterinary Consultant

Certificate of Analysis

Product Name	: D-MIX 60 (2 KG)	Mfg. Date	: MAY 2023
Material	: 501001003	Exp. Date	: APR 2025
Batch No.	: MH0106	Release Date	: 27.05.2023
Insp. Lot No.	: 40000562520		
Batch Size	: 504.000 KG		

Sr. No.	TEST	SPECIFICATION	RESULTS
1	Description	Browish grey powder, faint odour.	Complies
2	Label Claim per 1.0 gm.		
3	Loss on drying	Not more than 8.0 %	4.8 %
4	Assay of Vitamin D3	60,000.000 to 69,000.000 iu	62,419.184 iu

Note : If not stored as per recommended storage conditions may result in loss of Assay and or change in other Physico-chemical properties

Remarks : Approved

Conclusion: The sample complies with the prescribed standards of quality as defined in the specification In-house.
